Competition closes 31 December 2020 and will be drawn on Monday 18th January 2021.
Parent prizes will be drawn on: 7 April, 30 June, 22 September and 15 December 2020.

Entries open to Queensland residents only. Life Education Qld is the largest provider of preventative health and drug education to school children in the state. With the help of Healthy Harold, Life Education Qld has been empowering children and young people to make safer and healthier choices for more than 30 years.

Fun facts from last year's survey...

48.3%

of parents surveyed are alumni of the Life Education program

98.8%

of parents find the Life Education program valuable

80.9%

of parents observed a positive change in their child after our visit

What Parents say about Life Education...

"I have noticed some positive changes in my child since Life Education came to his school. My child has been showing a great understanding of food and what food our family should eat in order to stay healthy. He has also been eating more vegetables. My child has been trying to maintain positive relationships at school and in the playground. Life Education has definitely helped my child to make positive changes in their life."

~ Naomi, Ipswich

"Harry felt like he learnt about why smoking was bad – he knew it was bad but not really all the reasons why. I felt that it was good value as healthy messages clearly were learnt."

~ Shelley, Gladstone

"My child is more mindful of interactions with the internet. He asks more questions about site content and if he is ok to be on the site, or if anyone knows that he is on the site and do they know who he is."

~ Aaron, Rockhampton
